# Lifetime Permits and Lifetime Stamps

For residents and nonresidents  
Now available online

Nebraska Lifetime Permits and Stamps are the bargain of a lifetime for both the outdoor enthusiast and for Nebraska's wildlife and fisheries resources.

For the dedicated hunter or angler, the permits and stamps offer virtually unlimited recreational opportunities. Depending on the lifetime permit purchased, they eliminate the need for the annual small game hunt, resident fur harvest, fishing or combination hunt/fish permit. At the same time, money from their sale goes into a special escrow account, and only the interest can be used each year. This means that the wildlife and fisheries management can enjoy an increasingly stable financial base as the years go by.

In the past, lifetime permits have been available to only residents of Nebraska. As of January 1, 2006, non-residents can also purchase lifetime permits. Once these permits are issued, they are valid for the holder's lifetime, regardless of his or her place of residence at a later date. There is no age limit for Lifetime Permits, meaning parents, grandparents or others can purchase permits for children of any age.

## What Do I Get?

The Game and Parks Commission feels that a Lifetime Permit should live up to its name and last a lifetime. Therefore, in addition to the regular paper license, each permit or stamp comes with a handsome enameled brass plate, engraved with the person's name, permit number and date of birth, and an attractive carrying case. In addition, a supply of cards is included to hold required annual stamps.

Since either the paper license or brass plate are accepted when afield, some folks have chosen to have the brass plate mounted for display in their dens or offices. As an added convenience the annual stamps can be purchased online at [www.OutdoorNebraska.org](http://www.OutdoorNebraska.org) and will be printed on an electronic version of your lifetime permit.

## How Can I Obtain Lifetime Permits and Stamps?

Lifetime Permits and Stamps are available online at [www.OutdoorNebraska.org](http://www.OutdoorNebraska.org), or mailing in an application to the Lincoln office or purchasing them at commission offices in Alliance, Bassett, Kearney, Lincoln, Norfolk, North Platte, Omaha and Ak-Sar-Ben Aquarium near Gretna.

An application form is included in this pamphlet, and additional copies are available from permit agents and Game and Parks Commission offices across the state. Permits and stamps are processed as quickly as possible upon receipt, usually the same day. However, engraving can take up to two weeks. Ordinarily, permits are mailed within a week via First Class U.S. Mail.

Please allow extra time during the Christmas season, since processing, engraving and mail delivery all take more time during this period.

What About Gifts?

Anyone may purchase a Lifetime Permit as a gift for another person. However, they must provide all the vital statistics requested on the application form, including the last four digits of the Social Security Number. It is not necessary, though, to obtain the applicant's signature. In this case, the donor may sign instead.

Please indicate on the application if the permit is for a gift and where it is to be mailed if not to the person issued. Also, gift cards and envelopes are provided with permits/stamps purchased as gifts.

What If A Permit Is Lost?

If an individual should happen to lose his or her Lifetime permit or stamp, it can be replaced by contacting the Permits Section, Nebraska Game and Parks Commission, PO Box 30370, Lincoln, NE 68503-0370, phone 402-471-0641.

The paper license is replaced for the regular duplicate permit fee of \$6. Replacement cost for the engraved plate is \$13 plus sales tax to cover replacing the plate and case, processing and mailing.

Why Is An Aquatic Habitat Stamp Required?

A \$100 fee for a Lifetime Aquatic Habitat Stamp is now included in the cost of Lifetime Fish and Lifetime Hunt/Fish permits. The money raised by the sale of Aquatic Habitat Stamps is used to create and rehabilitate habitats for sport fish. An average of \$2.9 million per year is now spent in renovating lakes, reservoirs, rivers and streams throughout the state to improve recreational fishing.

Big Game Not Included

This permit when issued does not authorize commercial fishing; the hunting of deer, antelope, elk,

bighorn sheep, wild turkey; or the taking of any species of fish or game on which the open season is limited to a restricted number of permits or to special permits for a restricted area or management unit.
